

THE SPANISH CUBAN DEBT.

A Small Portion of it May Be Assumed by the United States, According to Paris Rumors.

A Military Plot for the Overthrow of the French Government Has Failed, So It Is Rumored.

Paris, Oct. 14.—It is rumored here that America may finally agree to assume a small portion of the Cuban debt. This important point is now before the peace commission and will be decided today.

Paris, Oct. 14.—It is said that a military plot against the French government has proved a failure.

AGUINALDO

Has His Troubles Also—His Southern Chiefs Have Now Rebelled.

They May Join the Spanish Forces to Hold the Islands for Spain.

Manila, Oct. 14.—Reports have reached here of the rebellion of Aguinaldo's chiefs in the southern islands against the authority of Aguinaldo. The Spanish authorities in those islands are trying to secure the aid of the rebellious chiefs to enable them in holding the islands against American aggression.

WORK DONE.

Odd Fellows Meet Officers, Select Meeting Place and Adjourn.

Winchester, Ky., Oct. 14.—The annual meeting of the Grand Lodge of Odd Fellows of Kentucky has closed. Officers were elected as follows: Grand Master, J. W. Potter, of Bowling Green; Deputy Grand Master, C. P. Hess, of Louisville; Grand Warden, Thomas Reed, of Covington; Grand Secretary, R. G. Millett, of Lexington; Grand Treasurer, G. W. Morris, of Louisville. Paducah was selected for the place of meeting in 1899 and Louisville in 1900.

Lexington, Ky., Oct. 14.—The Odd Fellows' Widows' and Orphans' Home was dedicated here yesterday with impressive ceremonies. A special train brought the grand lodge from Winchester. A large crowd was present to hear an address by Sam Small. Mrs. Mary Clay was selected as permanent matron. Officers of the Grand Lodge have been established here.

WANTED.—To exchange a fine up-right piano, choice of several makes, for day board for three in a private family or good boarding house. References exchanged. Address E. 21 care Sun.

TROUBLE PREDICTED.

Another Attempt May Be Made at Virden, Ill., to Use Imported Negroes in the Mines.

All Is Quiet Now—Five Hundred Soldiers Are Now on the Ground—People Still Intensely Excited.

Pana, Ill., Oct. 14.—It is reported here that Lukens, the manager of the mines at Virden, will make another attempt to land negroes in his mines. The rumor has created the most intense excitement among the union miners and their sympathizers. There is no doubt at all but that such an attempt would result in more bloodshed, as the miners are more determined than ever.

All is quiet here today. Five hundred troops are here to keep order.

Wednesday's shooting resulted in fourteen deaths so far, as far as follows: Ernest Kitterly, Ellis Smith, Ed Welch, Wm. Blue, Ernest Kamler, A. H. Brennan, Frank Bilyen, Ed Green, Ernest Long, Wm. Harmon, all miners; D. N. Kiley, chief detective, Chicago; A. W. Carroll, guard on train; A. W. Morgan, guard in stockade; Thomas Preston, guard in stockade. The injured will not exceed twenty. Of these a few are critical.

TROUBLE EXPECTED.

Virden, Ill., Oct. 14.—The depot here is surrounded by armed men. It is reported that more negro miners are to be brought here on the four o'clock train this afternoon.

FIRST KENTUCKY.

It Is Ordered to March to San Juan, the Capital of Porto Rico.

Ponce, Porto Rico, Oct. 14.—The First Kentucky regiment today received orders to be ready to march to Porto Rico, where it will do garrison duty.

CHARGES

Preferred by G. W. Jolly Against Franks and Van Rensselaer.

Washington, Oct. 14.—The Civil Service Commission has received a letter from Hon. George W. Jolly, of Owensboro, asking that a complete investigation be made of charges he has received. Then follow several typewritten pages devoted to specific charges against not only Franks and Van Rensselaer, but many other persons connected with the Internal Revenue and Postal Service. The Commissioner of Civil Service has had prepared and signed yesterday two letters, one to the Secretary of the Treasury and the other to the Postmaster General, asking the earnest co-operation of their departments with the Civil Service Commission in bringing about a thorough investigation. The character of the answers received from the Treasury and Postoffice Departments will greatly affect the result of the case. Lukens' warm assistance will cause the investigation to be little more than a farce, as the charges preferred really come under the jurisdiction of these departments, being violations of executive orders, which are embodied in the rules of the departments.

NEW RAILROAD,

Which, if Built, Will Be of General Benefit to Paducah.

Will Reach Golconda, and Will Undoubtedly Come to Paducah.

The Cairo Bulletin says: The people of Saline, Pope and Hardin counties are rejoicing greatly over what they consider an almost certain prospect for a railroad through that almost inaccessible region of Egypt. It will run from Galatia to the Ohio river at Golconda. To get there, however, it has to strike the river six miles above and skirt the bluffs, with which the place is surrounded along the river bank. These three counties are supposed to be rich in undeveloped mineral wealth. Saline has large coal deposits; Hardin, iron ore, and Pope, lead and other minerals, all of which will come to light if the road goes through.

SITUATION ALARMING.

Yellow Fever Still Spreading in the Southern Cities—One Death at Jackson and Several New Cases.

Spreading in Louisiana—A Government Expert Gives His Explanation of the Very Rapid Spread of the Disease.

New Orleans, La., Oct. 14.—Three fever cases have appeared at Amite City, and the town is quarantined.

At Franklin, La., there are 26 new cases.

Jackson, Miss., Oct. 14.—Fourteen new cases have appeared here today and there has been one death. Thirty-six new cases are reported from other parts of the state.

Washington, Oct. 14.—Dr. Carter, the yellow fever expert in charge at New Orleans, has wired the surgeon general that the spread of yellow fever from New Orleans took place before it was quarantined, and that Lake Charles caught the fever from Alexandria, and Canton from Madison. Of the 168 cases of admission to the detention camp near Franklin, La., 111 have been discharged. Of twenty-five admitted to the hospital at Franklin, six have been discharged. There are three hundred and twenty persons at Camp Harahan.

HELD AN INQUEST.

An Infant Found Dead by Its Parents This Morning.

Coroner Phelps Found That It Died of Natural Causes.

Coroner Phelps was notified this morning that the three-months' old child of Berry and Ellen Harbert, colored, who live in the Kahn yard on South Fourth street, was found dead this morning.

He went to the house designated and ascertained that the child was put to bed last night apparently well and was found dead in the night by its mother.

There were no marks of violence on its body, and the coroner came to the conclusion that it died from colic or some other natural cause. This was the verdict in the case.

41 DEGREES.

The Mercury Takes Another Tumble Towards the Zero Point.

The Lowest Point Reached in Twenty-Four Hours Was Forty-One.

The thermometer at its lowest point today was forty-one degrees above zero, about nine degrees below yesterday's mark. Last night was a cold one, and those who came in from Cairo thought they had struck the Arctic zone when they reached Paducah.

As told elsewhere, there was a frost, but it was a "white" frost. Today overcasts and showers are visible where last week there were crash suits and electric fans.

WAS A FALSE ALARM.

The Prosecuting Attorney Thought He Had a Burglar.

City Prosecuting Attorney J. W. Campbell went home about 11 o'clock last night, and as he opened the hall door, thought he heard a window crack, as if someone had raised it to get out.

Hastily striking a light, he ran upstairs, got a pistol, and ran back down to slay the marauder, for he was confident there was someone in the house. He made a complete tour of the place, however, and there was not a sign of burglar. He finally abandoned the search, and put away his pistol. He has never been able to ascertain what occasioned the noise, however, as his is not a superstitious man, and is confident it was not a spook.

POLICE COURT.

The case against Abe Bradshaw, colored, for pointing a pistol, which has been on the docket for several days, was again left open this morning.

The case against Lee Boyd, for allowing a billiard to run at large was also left open.

Several license cases were dismissed or left open.

Frank Waggoner was fined \$3 and costs for a breach of the peace.

PROMINENT SUICIDE.

Well Known Owensboro Drummer Found Dead in His Room in a Henderson Hotel.

The Act Was Caused by Despondency—His Death a Great Surprise to His Friends.

Henderson, Ky., Oct. 14.—Thomas Frayser, a member of one of the wealthiest families of Owensboro and a popular and well known coffee drummer, committed suicide in his room in the Hotel Henderson last night. He shot himself with a pistol. The cause of his terrible act was evidently despondency. His death was a great surprise to his friends, who regarded him as a young man of fine prospects.

Capt. R. W. Wise, superintendent of the Memphis and Cincinnati Packet company and the Cincinnati and New Orleans line, was in St. Louis looking after the interest of the Buckeye State, John K. Speed and State of Kansas, which at present are under charter to the Anchor line during the low water season.

The Pittsburgh News says: "Capt. Dana Scott has had a number of persons ask him to take the new City of Pittsburgh to New Orleans for the Mardi Gras festival. One party of twenty-five from Pittsburgh are anxious to make the trip. While nothing has as yet been decided on, it is not unlikely that Capt. Scott will accede to the wishes of his friends and make the trip."

GERMAN EVANGELICAL.

There will be no preaching and no Sunday school at the German Evangelical church Sunday, Oct. 16th as the congregation will attend the Mission festival at Rev. A. ROMANTIC MARRIAGE.

Mr. T. J. Tolleson Will Marry a Girl He Never Saw.

He Has Corresponded With Her Since He Was a Member of the Army.

Mr. T. J. Tolleson, who is employed by the local agent of a brewery, will leave the city Sunday morning for Whiteville, Tenn., to be married to a young lady of that place, Miss Mollie Hazelton, who lives at Cedar Chapel, Tenn., a few miles from Whiteville.

The wedding will be the sequel to quite a pretty romance that dates back six years, when Mr. Tolleson was a member of Co. H, 13th U. S. Infantry. He was then stationed in Oklahoma Territory, and one of his soldier friends gave him the name of the young lady mentioned above, whom he knew at home. He had him write to her, and he did. The correspondence was kept up, and in the course of time the young couple exchanged pictures, and finally a proposal of marriage was made, and the young lady accepted.

She will meet her affianced at the hotel at Whiteville, and the ceremony will be performed there. They will start at once for Paducah, where they will make their future home. Mr. Tolleson was a soldier for several years, and his correspondence with his betrothed has extended over a period of six years. He received his discharge two or three years ago, and has never seen his intended bride, who is quite pretty if she resembles her picture.

M. E. EPSTEIN & CO.

While attending the various openings tomorrow the people of Paducah must not forget the great special sale of men's, boys' and children's clothing at M. E. Epstein & Co.'s. This is one of Paducah's best known firms. They are offering the people real, genuine bargains. You will make a mistake if you don't give them a call.

A PROUD OFFICIAL.

Deputy Clerk Hobson Gets His New Typewriter.

Deputy Circuit Clerk John Hobson was happier today than a small boy with his first pair of red top boots. The occasion of his joy was the arrival of his new typewriter. It is the newest thing in Paducah, and only machine of its kind in the city—a typewriter that writes on a book. The machine will be used to write the minutes of the court on the record book, and in addition to facilitating the work, will be much easier read. The machine cost about \$175, and the deputy clerk was out at the railroad before daylight to unload the car and get the long coveted typewriter. It has been tested and found to work well.

FINE MONUMENTS ERECTED.

Mr. John Williamson, Jr., Superintends the Work.

Mr. John Williamson, Jr., is back from Callaway and Marshall counties where he went to superintend the erection of two fine monuments made in the marble works of J. E. Williamson & Co. of the city. One of these was for Mr. D. B. Gilbert, at Murray, and the other was over the remains of the late Mr. S. H. Dees, of Hardin, Marshall county. Both are unusually fine monuments, and the workmanship is unsurpassed.

THE I. C. SHOPS.

Paducah seems to be afflicted with a periodical scare about the removal of the Illinois Central shops. The latest along that line is the story published in some of the Louisville papers that the I. C. has purchased 75 acres of land near that city for the purpose of locating shopthere. Vice President Harahan is reported as saying that the shops at Paducah are inadequate and intimating that the shops here would ultimately be removed to Louisville. The story is a very pretty one and we don't wonder that the Louisville papers publish the rumors eagerly, but we believe they are being buoyed up with false hopes.

We do not believe that Vice Pres. Harahan made the statement attributed to him; we believe that some imaginative reporter supplied the remarks that Louisville would be glad to have some prominent I. C. official make.

Also Paducah has very little cause to fear the removal of the shops for the probability of such an action by the I. C. railroad company is most remote. Furthermore if the I. C. does desire to move its shops from this city to Louisville and the latter city bids for them against Paducah, it is difficult to see what we can do to prevent their removal.

There are however many evidences that the I. C. people are preparing to increase the business done at their shops instead of moving the shops to Louisville. The Sun has reason to believe that right now large additions are being planned for the shops in Paducah and that the real policy of

the I. C. system is to push the interests of this city just as much as possible. The freight traffic that this city absolutely controls is enormous. Paducah is one of the heaviest shipping points on the great I. C. system and our people can rest assured that that great system is going to look after the interests of this city.

The people of Paducah should also bear this fact in mind. Railroad shops do not make a town. The removal of the I. C. shops from Paducah would of course hurt the city temporarily, but not permanently. Paducah wants the shops and our people would be willing to make any reasonable concession necessary to keep them, were the I. C. people inclined to move them. But if the railroad company should at some future time see fit to move their shops from this city Paducah would keep right along in her prosperous career. This city is destined to be a great manufacturing center. Our natural advantages are here and cannot be moved. We believe that the Commercial and Manufacturing Association just organized here will in a reasonable time abundantly prove to the investing public that Paducah is the coming manufacturing city of the Central West.

The Army and Navy Journal clears up some mysteries in an editorial explaining that there were live San Juan hills, and that the different brigades took different hills, all of which together made up the San Juan range. Most of the hills had fortified residences, or block houses, and all of them were entrenched and determinedly defended by the Spanish troops. It would seem, then, that all the brigades took a San Juan hill and honors are easy.

The governor-general of the Dutch West Indies has issued an order that all American yachts having newspaper correspondents on board will be treated hereafter as privateers. This might be a good example for the American government to follow in the next war. At any rate, it is very probable that General Schafter will approve the order of the Dutch governor-general.

CALLED MEETING.

The Council in Session Last Night—Ordinances Passed.

Mr. Newt. Roberts Is Temporary Clerk—Sewerage Ordinance a Law.

The council met last night, and in the absence of City Clerk Patterson, Mr. Newton Roberts was elected city clerk pro tem.

The sewerage ordinance, or ordinance regulating house connections with the sewerage, was given second reading. Councilmen Ezell and Fowler were opposed to it. The ordinance prevailed, however, and has been signed by the mayor.

An ordinance providing for a change in the grade of Caldwell street for one block, was read. Capt. Fowler opposed it, as did several others, but the mayor explained that it was to cost no one anything, as the surplus dirt would be accepted in payment by the projectors of the improvement for the expense incurred. The ordinance was placed on first passage.

ENORMOUS CROWD

Went to Cairo—Many Became Frightened and Came Back.

A large crowd left yesterday morning on the Fowler for Cairo, to attend the street fair. All expected a good time, but at Metropolis there was an enormous crowd at the wharf when the boat arrived, and the people all rushed aboard. There were several hundred of them, all bent on going to the fair, and quite a number of the Paducah people became afraid that the boat was overloaded and disembarked at that place, remaining to eat the dinners they had prepared, and returning to the city on the Cowling.

Before the boat reached Cairo she had all she would hold, and could have carried many more had there been room. Tomorrow is the last day of the fair and another large crowd went down this morning.

AROUND US.

Items of Interest From Mayfield and Benton.

Mayfield, Ky., Oct. 14—Mrs. Sarah Gregory, a negro centenarian, died at her home in this county, ten miles south of Mayfield yesterday.

Benton, Ky., Oct. 14—Hon. C. W. Rogers and Chas. K. Wheeler, popular and democratic candidates, spoke to a large crowd of farmers at Olive, this county. They were to speak at Sharpe last evening, which closed campaign in this county so far as speaking is concerned. It is conceded by all parties that the race will be very close in this county.

Benton, Ky., Oct. 11—J. M. Johnson, proprietor of the Benton roller mills and the Sharp roller mills, has sold both plants. A Buckhart purchased the plant at this place paying therefor \$6,500. R. M. Fields purchased the one at Sharpe for \$1,500. Mr. Johnson will locate at Wickliffe, where he will engage in the mill business.

PRETTY RITUAL.

The Elks Begin Work Under the New One.

The new ritual of the Benevolent and Protective Order of Elks was inaugurated by Paducah Lodge No. 217 last night, and is a very pretty one. It is thought that all the members will like it better than the old, and the attendance at the next meeting should be large. There was no degree work last night.

LIEUT. BEBOUT

He Is Installed as Second Lieutenant of Co. K, Third Regiment.

Sergeant Mike Caldwell Appointed First Sergeant—Other Third Kentucky Notes.

The so-called hard feeling between the Third Kentucky and the 12th New York has already evaporated in talk. Last night some of the Third thought the Twelfth was raiding their camp when some mules broke loose at the corral and raised a disturbance. Quite a number of the members of the Second Kentucky, which is to be mustered out soon, have applied for a transfer to the Third.

First Sergeant Bebout, Co. K, has recently received his commission as a second lieutenant. He succeeds Lieut. H. G. Harris, of Co. K, whose resignation has been accepted. Sergt. Caldwell, of Co. K, has been promoted to fill the vacancy of first sergeant.

Lieut. Baker has returned from leave at Owensboro.

Drum Major Jas. E. Barlow has gone home on furlough, pending his discharge. Private Beatty, Co. K, is thought will receive the appointment as drum major.

The wife and child of Adj. Snell are visiting him from Bowling Green.

The wife of Capt. B. B. Davis is the guest of her husband.

The sick list of the Third Kentucky is as follows: James James, Co. A; C. Mahoney, Co. I; J. R. Graves, Co. H.

GET FLESH.

Get Strength, Vigor, Clear Complexion and Good Digestion, Not by Patent Medicine, But in Nature's Own Way.

Any honest physician will tell you that there is but one way to get increased flesh; all the patent medicines and cod liver oils to contrary notwithstanding.

Nature has but one way to increase flesh, strength and vigor, mind and body, and that is through the stomach by wholesome food, well digested. There is no reason or common sense in other method whatever.

People are thin, run down, nervous, pale and shaky in their nerves simply because their stomachs are weak.

They may not think they have dyspepsia, but the fact remains that they do not eat enough food, or what they eat is not quickly and properly digested, as it should be.

Dr. Harlan says the reason is because the stomach lacks certain digestive acids and pepsines, and deficient secretion of gastric juice.

Nature's remedy in each case is to supply what the weak stomach lacks. There are several good preparations which will do this, but none so readily as Stuart's Dyspepsia Tablets, which are designed especially for all stomach troubles, and which cure all digestive weakness on the common sense plan of furnishing the digestive principles which the stomach lacks.

Stuart's Dyspepsia Tablets give perfect digestion. First effect is to increase the appetite and increased vigor, added flesh, pure blood and strength of nerve and muscle is the perfectly natural result.

Stuart's Dyspepsia Tablets is the safest tonic known and will cure any form of stomach trouble except cancer of the stomach. May be found at druggists at 50 cents for full sized package or direct from Stuart & Co., Marshall, Mich.

LOOKING FOR A CRIMINAL.

Detective Anderson Miller and Constable Hunt, of the county, were in the city last night in quest of a man wanted in the county for theft. It is said. They declined to tell their mission, which was unsuccessful.

Druggists will say they sell more Plantation Chili Cure than all others.

PREVENTION OF DIPHTHERIA.

Circular Issued By the State Board of Health of Kentucky.

To the Health Officers, Physicians and People of Kentucky.

The unusual prevalence of diphtheria in many sections of the state makes it the duty of this board to again call attention to the best known methods of preventing the occurrence and spread of this disease.

Diphtheria is both contagious and infectious, and is distinctly a preventable disease, being easily limited to the first case or cases. When it gets away from the primary case and makes its escape upon the community, somebody is to blame. The sooner we accept this as a sanitary maxim the sooner we shall begin to do our duties as individuals and communities.

On account of its frequency and fatality this disease is of far more importance to the people of Kentucky than small-pox, yellow fever or cholera.

When a child has sore throat, and especially if diphtheria is in the neighborhood, it should be immediately separated from other children until a competent physician has seen it and decided whether or not it is affected with a contagious disease.

If diphtheria, strictly isolates the case at once, in an up stairs room, if possible, and as disconnected as practicable from the living and sleeping apartments of other children.

No one except the physician and nurses should enter the room, and they should take every precaution to not carry the infection to others.

Place the house, and keep all other children, and all who go where children are, away from it. Notify the health officer of the town or county within twenty-four hours, as the law requires, and he will co-operate with the physician and family to keep the disease from spreading.

The discharges from the mouth and nose should be received on soft cloths and burned, and other discharges should be disinfected, and all refuse from the sick room burned. All utensils used in feeding the sick should be washed separately from other dishes and should remain some time in boiling water.

Disinfect all bed and body clothing, and other like things as soon as removed, by immersion for at least six hours in a solution of chloride of lime, four ounces to the gallon of water. They may then be wrung out and put in the wash. Remember however that no disinfectant in the occupied sick room can do away with the necessity for abundant fresh air and sunlight.

The isolation of the patient should continue for ten days after all trace of the disease has disappeared, and until he has had a disinfecting bath and been clad in garments which have not been in the sick room. No person from a house where there is diphtheria should be permitted to go into public assemblies, and no child from a house where this disease has prevailed should be allowed to attend school without a certificate from the health officer that it is safe to do so.

After complete recovery, or death, always thoroughly disinfect the room and its contents, preferably with nascent formaldehyde, or where this is not available by burning three pounds of sulphur, moistened with alcohol, for each 1,000 cubic feet of space, previously stopping all openings, and dampening the floor, bedding and clothing, and leaving the room tightly closed for twelve hours. The room should then be thoroughly ventilated, and all ledges, wood-work, etc., washed with strong soap and rinsed with a disinfecting solution.

In case of death the body should be wrapped in a sheet saturated in a disinfecting solution and buried without public service. In giving notice of death newspapers should state that it was from diphtheria, and that children, and those having the care of children, should not attend the funeral.

The board urges the use of antitoxin in every case as soon as the disease is recognized, and recom-

mends that immunizing injections be used for all children who have been seriously exposed.

To be effective the precautions herein suggested should be rigidly observed. Imperfect isolation and disinfection are worse than useless, giving rise only to a false and misleading sense of security.

County and municipal boards of health have full authority under our laws to enforce these rules, and will fall short of their duty if they fail to do so.

Copies of this circular, and of similar ones in regard to scarlet and typhoid fever and consumption, for free distribution, may be had upon application to the board at Bowling Green.

By order of the board,
J. M. MATTHEWS, M. D., President.
J. N. McCORMACK, M. D., Secretary.

ENJOYABLE DANCE.

The German Club's First Event of the Season.

The dance given at the Palmer last evening by the German club, as its initial ball, was attended by a large crowd of society people, and was generally pronounced one of the most enjoyable ever given in the city.

Those present were: Mr. and Mrs. Henry Thompson, Mr. and Mrs. Henry G. Tandy, Mr. and Mrs. Chas. Morris, Mr. and Mrs. Geberstein, Mr. and Mrs. W. E. McGary, Mrs. Geo. Powell of Evansville, and Mrs. L. W. Cunningham, of New Orleans; Misses Jeanette Campbell, Mary Halloran, Minnie Terrell, Flossie Owens, Anna Hoswell, Gerald Sanders, Emma Hoswell, Aida Sanders, Janie Rivers, Mikie Manabro, Martha Leech, Allie Sanders, Mary K. Sowell, Lizzie Sinsott, Maude Bradshaw, Miss Dunoon, of Missouri. The gentlemen were: Dr. I. Howell, Dr. Hewitt, Dr. McPherson, Geo. Langstaff, J. Will Webb, Roy Cully, Morris Nash, Tom Hall, Albert Foster, Leske Thompson, Wynn Tully, Janie Brooks, Wallace Well, Louis Renke, Dick Rudy, Jim Campbell, Will Gilbert, Dave Sanders, Fred McKnight, Wade Sowell, Ed Wilson, Harris Rankin and Chas. Humphrey.

THE SCHOOLS.

The Attendance This Week Has Been Excellent.

The attendance of the Paducah public schools has this week been as gratifying as that of last, which was an average of 9,200.

There are two of the teachers ill, Misses White and Head.

The heaters at the First and Second districts are not yet in working order, but there has been some fire at each of the buildings, and it is expected that by Monday all the heaters at the two buildings will have been repaired, and all the pipes put in.

This afternoon there was a meeting of the principals of the various schools.

HAS YELLOW FEVER.

Fred Greif, of New Orleans, a Reported Victim.

Fred Greif, a well known young baker of the city, and son of the late Nick Greif, is reported ill of yellow fever at New Orleans, where he went some time since to work.

His friends here are very solicitous about his safety, as they have heard nothing from him for a day or two.

CIVIL TERM.

The civil term of circuit court begins here Monday, with one of the largest dockets ever known. Judge Masbards is about through with court at Benton, the criminal docket having been finished some days ago.

Don't you know Plantation Chili Cure is guaranteed to cure you?

WINE OF CARDUI

FOR ALL WOMEN

Nine-tenths of all the pain and discomforts which women suffer is caused by weakness or derangement in the organs of menstruation. Nearly always when a woman is not well these organs are affected. But when they are strong and healthy a woman is very seldom sick.

Is nature's provision for the regulation of the menstrual function. It cures all "female troubles." It is equally effective for the girl in her teens, the young wife with domestic and maternal cares, and the woman approaching the period known as the "Change of Life." They all need it. They are all benefited by it.

For advice in cases requiring special directions, address giving symptoms to "Ladies' Advisory Department," The Cardui Medicine Co., Chattanooga, Tenn.

THOS. J. COOPER, Tupelo, Miss., says: "My sister suffered from very irregular and painful menstruation, and could not follow her work. After using Cardui she was cured and has since kept her system in good health through the change of life."

TO ARREST RUNAWAYS.

Sergeant Mike K. Jones Went Down From Lexington.

Sergeant Mike K. Jones, of Co. K, Third regiment, arrived yesterday afternoon to arrest the members of Co. K, who came down from Lexington without leave of absence. There are a large number of them here.

After pay day there is always a pilgrimage towards home by members of the Kentucky companies, and Capt. Davis has concluded to stop it. The officer expects to remain until Monday.

"LET US HAVE PEACE"

"Peace hath her victories no less renowned than war."
"To the victors belong the spoils."

To our customers belong the profits this enemy and we've got 'em.

WE HAVE SILENCED THE FORTS of high prices with the bargains we sold to the trade. Our figures, at all times the LOWEST, now knock all the rest in the shade. From our dress goods may yet be selected some choice things in our weather stuff, on which we won't quote any prices, though others do that for a bluff. These goods you can have as you wish them; yourself make the prices to suit. And when you have spent a few dollars you get a fine picture to boot. We are selling the handsome DRESS SKIRTS for less than the goods can be bought at, all home made and right up to date. Our LADIES WEAR pieces the fairest, and looks lovely on creatures less fair. Our styles, which are ever the latest, "are charming," fair women declare. And the men folks never forget us, when needing NICE SHIRTS and FINE SHOES. They know we keep the assortment from which they can easily choose.

Our SHOES are the best and cheapest on top of the earth—or below—and every last pair is as "solid" as the rocks in the Forts of Morro. You may fancy this quite out of reason, but a trial will prove it is true. Just to wind up for the season, FORTY CENTS buys a LOW-QUARTER SHOE.

In GAITERS and BUTTONS and LACES we can fit every foot to a "T." "Cousin George, how dandy your feet look!" "I wear Dorian's shoes—don't you see?"

Rich people are pleased with the beauty of our LINENS, LACE CURTAINS and RUGS, and other folks think it a duty to follow the taste of "big bugs."

Our trade is increasing and healthy—our prices creating a mass; we hold fast the trade of the wealthy, and "the poor we have always with us."

Our PICTURES—the GEMS OF IMMORTALITY—in every "sweet home" ought to be, when just for a few dollars' purchase, you're welcome to some of them free.

All will admit the above contains "more truth than poetry." Everybody come to this winding-up sale of the season.

WRITTEN AT RANDOM.

People with all kinds of trouble call on the mayor every day. The first man with a suspicion of yellow fever to call, however, happened yesterday morning. There were several people in the office when the man hurriedly entered and exclaimed: "I wish you or the city physician would examine me and tell me what the matter with me. I am from Winona, Miss., and believe I have yellow fever."

The man was as yellow as a pumpkin, and this was all the crowd wanted to hear. With one accord they made a rush for the door, and it was but a few moments until the mayor and the man from Mississippi were alone. The city physician made an examination and ascertained that he did not have yellow jack, much to his relief.

In a short time a woman entered with a bundle of family troubles she proceeded to unload on the mayor. She did not like her neighbors, and evidently they did not like her. They called her all sorts of bad names, and she felt that when they were the chance, and she, martyr-like, remained silent and says nothing—to hear her tell it. Her little boy cannot go out after milk without getting licked, and Willie never goes to school without getting a black eye from that dreadful neighbor boy. Mayor Lang sent the poor unfortunate to Judge Sanders, after promising to personally call on the belligerent neighbors and use his influence to heal the breach.

Soon after she left, here came a colored woman with one eye and a doleful tale of woe. She said a low-down, selfish negro rented her a room for 50 cents a week, and when she moved into it she found that it did not belong to him, and had to move right out again. She wanted the mayor to help her get her half dollar back. She also was respectfully referred to Judge Sanders, where it is hoped she got help that will enable her to recover her money.

A woman with a sick child was next ushered in. She wanted to leave the city, and did not mind staying at the hospital, she said, if little Johnnie would only get better. But he would not get better and if he had to die, she wanted him to die at home. The mayor took out his book, and little Johnnie can now die at home, if he wants to, for he got a pass there.

A good joke is told at the expense of a well known councilman. A neighbor went to call on his wife the other day, and found him and his better half in the sitting room chattering and shaking as if a congestive chill had come that way.

The neighbor kindly offered to let her friend have a few buckets of coal, thinking perhaps that the councilman had been deficient in the matter of laying in his winter's supply, but to this the councilman objected most strenuously.

"No, I have made up my mind to get rid of the mosquitoes in this house, and now is a good chance to freeze them to death. I'm not going to have a fire in this house until they are all dead!" And he resumed his little domestic game of freeze-out, with his hands in his pockets, while the others repaired to the kitchen to get warm.

FROST THIS MORNING

Many of the Farmers Report One Out in the County.

It Was the First Frost of the Season, and Was Not Very Heavy.

The first frost of the season fell last night. It was not visible to early risers in the city, but farmers who came to town early report that the frost was plainly visible in the country, but was not very heavy, and vanished soon after daylight.

It is expected that there will be heavy frost within the next few days.

CASE POSTPONED.

The Examining Trial of Wadlington is Postponed Until November 2.

Tuesday was the day fixed for the examining trial of J. B. Wadlington, for killing Scott. When the case was called the court house was well filled, mostly with people from the Dycusburg section. Messrs. James & James appeared for the defense and County Attorney Keefe and A. C. Moore for the commonwealth. After consultation the attorney for the commonwealth asked a continuance of the case on account of the absence of two important witnesses, Robert Cooksey and John Koon, who had not been summoned. Wadlington's attorneys objected, stating that their client had come and surrendered and wanted a prompt hearing. The case was continued until Nov. 2.

There are between forty and fifty witnesses.

Dick White, who was cut by Scott, was able to attend court.

It has been stated in some of the newspapers that the trouble which led to the tragedy grew out of politics. This is an error. There was no politics in any shape, form or fashion mixed with the affair.

COLORED DEPARTMENT.

The First District Teachers' Association convenes at Murray, Ky., tomorrow. It would not be amiss for every teacher in the city and county to attend this meeting. Those who fail, simply throw themselves across the path of their own progress, and then wonder why our schools are so far behind. The schools will advance with the teachers. The association is one of the signs of the times, and especially the times of the teachers.

We should not be too hasty to resent people's interference with our conduct, or the manner of our conducting our business. It is better that they have an interest in us strong enough to meddle, than a carelessness dense enough to ignore both.

There will be a barbecue and chitling supper Saturday night, at the residence of Mrs. Vina Gains, 1129 South Ninth street.

THEY SAY:

That the bear is coming.
That the coal man's voice will soon be heard in the land.
That the boys of the corner are digging the foundation.
That Bane was hauling sewer pipes.
That "Gilly" has a pretty little wagon.
That Will ought to have been at Santago to have handled barbed wire for the "smoked yankees".
That Lawrence is all smiles tonight.
That that jelly roll took wings.
That those couples that frequented Yeiser Park will now get a forced furlough until spring, together with a certificate of full attendance during the season.
That "Thirty" often finds himself "On the Banks of the Wahash," where "in the distance looms the woodland clear and cool."
That the chickens, instead of finding the city to be a veritable Sodom and Gomorrah for them during the conference, found it "not so bad."
That Bels will soon begin taking lessons in voice culture.
That the "Merry Milkmaid" is coming.

The second days session of the New Era institute opened with the usual devotional exercises after which, Rev. Wm. H. Leavelle, of the Shepherd-street Baptist church, Princeton, Ky., delivered a splendid lecture on "The duty of getting an education."

The afternoon session was taken up with a most excellent lecture on "The spread of Christianity in Europe," by the Rev. J. M. Wise, of Princeton. The subject was continued last night to an appreciative audience.

The session began this morning with a lecture on "The preparation of a sermon," by the Rev. W. K. Penrod. This afternoon was taken up by Revs. Baker and Glover on the subjects: "The delivery of a sermon" and "Prayer meetings."

Mr. Wm. H. Steward, of Louisville, is expected to speak tonight on "The Deaconship." Rev. F. H. Kennedy, who has presided at each session of the institute, will remain over Sunday to be present at the laying of the corner stone of the First Ward Baptist church.

The people who persist in saying they "can't" should get their "can't" translated and they will then see that it means "won't."

Will Hughes is smiling from one ear to the other. It's a boy—a young sample carrier. He arrived late yesterday afternoon. All are doing as well as could be expected.

The funeral of Mrs. Ellen Chaffs, who died at the city hospital Wednesday evening, took place from Burke's chapel, A. M. E. church, this afternoon at 2 o'clock. Rev. C. M. Burke preached the sermon to a large crowd, whose sympathy was audibly manifested more than once. The remains were laid to rest at Oak Grove cemetery.

The C. W. B. M. of the Christian church will give an entertainment to-morrow night at that church. All are invited to be present.

G. U. O. OF O. F. WILL LAY THE STONE.

The three lodges of Old Fellows of the city will meet in joint session last evening to consider an invitation from Rev. W. E. Glover to lay the cornerstone of the First Ward Baptist church Sunday afternoon at 2:30 o'clock. The invitation was accepted and the lodges will in joint session proceed to elect the officers to act on this special occasion as follows: P. G. M., H. B. Davis, master of ceremonies; P. N. F., J. A. This Offer Almost Surpasses Belief

An External Tonic Applied to the Skin. Beautified by Dr. J. C. Williams. The Discovery of the Age. A Woman was the Inventor.

Many preparations intended to beautify the complexion have failed, since they do not produce a tonic effect on the skin. Because the Misses Bell's Completion Tonic has such an effect, it succeeds where all else comes invariably fails. The great remedy, discovered by the Misses Bell, the eminent complexion specialists, of No. 18 Fifth Avenue, New York City, carries off all impurities, which the blood forces to the surface of the body. It is exhilarating and vitalizing wherever applied. Freckles, pimples, blackheads, moths, patches, wrinkles, liver spots, roughness, sunken and sagging eyes, and the skin becomes soft and rosy as a baby's.

The Misses Bell will the month give to all who call at their parlors, a free trial bottle of their Completion Tonic. Those who live at a distance may have a free bottle by sending 25 cents in silver or stamps to cover the cost of packing and delivery. The price of this wonderful tonic is One Dollar a bottle.

The Misses Bell's new book, "Secrets of Beauty," is sent free. It tells how a woman can gain and keep a good complexion. Special chapters on the care of the hair, how to preserve its color and lustre, even in an advanced age. Also how to get rid of superfluous hair on the neck and arms without injury to the skin. This valuable book will be mailed to any address on request. Correspondence promptly solicited. Address:
